

**SRP Business Electric Vehicle Charger Port Rebate Program
APPLICATION INSTRUCTIONS, TERMS AND CONDITIONS**

The Rebate Program:

The Business Electric Vehicle Charger Port Rebate Program (the “EV Charger Port Rebate Program”) will offer a limited quantity of rebate payments (each, an “EV Charger Port Rebate”) to offset some of the costs associated with the purchase and installation of electric vehicle charger ports (each, an “EV Charger Port”). These Application Instructions, Terms and Conditions (the “Program Terms”) provide the requirements for participation and other terms and conditions applicable to the EV Charger Port Rebate Program.

Eligibility; Participation Requirements:

1. Customer Eligibility. To qualify for an EV Charger Port Rebate under the EV Charger Port Rebate Program, the applicant (the “Rebate Applicant”) must:
 - a. As of the date on which SRP receives the Rebate Request Form (as defined below), and on the date on which each EV Charger Port is installed:
 - i. Be an SRP retail electric customer, taking service under any general service (non-residential) SRP Standard Electric Price Plan; and
 - ii. Be the SRP Customer of Record or Account Holder of the SRP account at each proposed site of an EV Charger Port;
 - b. Have the legal right and authority to install the EV Charger Port(s) at the place(s) of business identified on the Rebate Request Form;
 - c. Submit to SRP a Rebate Request Form, and all other required documentation required under these Program Terms, within 90 days after installation of the EV Charger Port (see also the “Rebate Application” section below);
 - d. Install the EV Charger Port between May 1, 2017 and April 30, 2018; and
 - e. Comply with all rules and requirements in these Program Terms.
2. Equipment and Installation Requirements.
 - a. An EV Charger Port Rebate is only available for an EV Charger Port that is purchased by the Rebate Applicant on or after May 1, 2017 (an EV Charger Port that is gifted or awarded to the Rebate Applicant will not qualify for an EV Charger Port Rebate).
 - b. Each EV Charger Port must:
 - i. Be a UL listed, Level 2 (208/240v) charger port, of any manufacturer, make or model;
 - ii. Have a dedicated circuit;
 - iii. Be new (not used or refurbished) upon installation by or on behalf of the Rebate Applicant;
 - iv. Be installed by a contractor appropriately licensed in Arizona;
 - v. Be installed at an eligible place of business (such as a retail, industrial or office facility, church, or multi-family residence); and

**SRP Business Electric Vehicle Charger Port Rebate Program
APPLICATION INSTRUCTIONS, TERMS AND CONDITIONS**

- vi. Be installed in accordance with all applicable laws, codes, rules, and regulations imposed by any governmental authority, owners' association, or property owner.
 - c. The Rebate Applicant must obtain all necessary governmental permits and approvals prior to the installation of the EV Charger Port. A Level 2 EV Charger Port charges at a higher voltage rate than a Level 1 (120 volt) EV Charger Port, and as a result, an inspection and permit are likely to be required by the city or county where the business is located. A licensed contractor can identify what permitting and inspections may be required.
3. Exclusions; Limitations.
 - a. A participant in the EV Charger Port Rebate Program may receive up to 12 EV Charger Port Rebates per site (service address).
 - b. Participation in the EV Charger Port Rebate Program is not available to car dealerships or to third-party EV Charger Port vendors or others engaged in the EV Charger Port business.
 - c. SRP has established a cap on funds that may be paid for EV Charger Port Rebates under the EV Charger Port Rebate Program (the "Rebate Funding Cap"). EV Charger Port Rebates will be available only until the Rebate Funding Cap is reached. Only Rebate Applicants who submit a Rebate Request Form before the Rebate Funding Cap is reached will be eligible for an EV Charger Port Rebate.

The Rebate Amount and Payment:

1. Amount. The amount of the EV Charger Port Rebate for each EV Charger Port is the lesser of (a) the total of the purchase price and installation costs of the EV Charger Port, or (b) \$500.
2. Payment. SRP will issue one rebate check, to the Rebate Applicant or its third-party assignee, per the approved Rebate Request Form.

Rebate Application: To apply for an EV Charger Port Rebate:

1. Complete and sign the Electric Vehicle Charger Port Rebate Request (the "Rebate Request Form").
2. Within 90 days following installation of the EV Charger Port(s) identified in the Rebate Request Form, deliver to SRP, per the instructions below, copies of the following (please keep originals for your records):
 - a. a signed copy of the Rebate Request Form;
 - b. the receipt(s) and invoice(s) for the purchase and installation of the EV Charger Port(s) and related equipment; and
 - c. Rebate Applicant's W-9.

SRP Business Electric Vehicle Charger Port Rebate Program
APPLICATION INSTRUCTIONS, TERMS AND CONDITIONS

Failure to provide any of the required information or documents will result in SRP's return of the Rebate Request Form.

3. The Rebate Request Form and other required documents may be submitted to SRP in one of the following ways:

(1) BY MAIL: Mail Completed Form, Invoice(s) & W-9 to:

SRP EV Charger Port Rebate
PO Box 52025 – MS ISB197
Phoenix, AZ 85072-2025

(2) ONLINE: Complete Form and upload Invoice(s) & W-9 at:
www.srpnet.com/evbizrebates

Other Terms and Conditions:

1. **Inspection.** SRP reserves the right to inspect each EV Charger Port to verify compliance with these Program Terms. If SRP chooses to inspect an EV Charger Port, SRP will contact the Rebate Applicant to schedule the inspection. By signing and submitting the Rebate Request Form, the Rebate Applicant agrees to provide SRP and its subcontractors with reasonable access to the installation site during normal business hours. If SRP's inspection reveals that an EV Charger Port has not been installed, or that the installed EV Charger Port is not in compliance with these Program Terms, SRP may decline or withhold payment of the EV Charger Port Rebate. If SRP has paid an EV Charger Port Rebate, but the EV Charger Port was not installed, SRP will bill the Rebate Applicant for the amount of the EV Charger Port Rebate that the Rebate Applicant received.
2. **NO WARRANTIES; LIMITATION OF LIABILITY.** SRP MAKES NO REPRESENTATIONS AND PROVIDES NO WARRANTY OR GUARANTY (EXPRESS OR IMPLIED) WITH RESPECT TO THE DESIGN, MANUFACTURE, INSTALLATION, SAFETY, USE, PERFORMANCE, OR EFFECTIVENESS OF ANY EV CHARGER PORT OR RELATED EQUIPMENT, INCLUDING ANY WARRANTY FOR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALL SUCH WARRANTIES ARE EXPRESSLY DISCLAIMED. SRP shall not be liable for any statement, representation, promise, inducement, or understanding of any kind that is not expressly set forth in these Program Terms. Responsibility for delivery and workmanship related to any equipment or services that a customer procures exclusively rests with the contractor(s) selected by the customer. SRP assumes no responsibility for oversight of contractor services. SRP shall have no liability for or in connection with any equipment installed by, or for any act or omission of, any other entity or individual, including, without limitation, any equipment manufacturer, electrician, technician, or other service provider.

3. SRP Reservation of Rights. SRP reserves the right, at any time and in its sole discretion, to cancel, suspend, or modify the EV Charger Port Rebate Program and to revise these Program Terms. Without limiting the foregoing, SRP may, at any time, without notice, change the EV Charger Port Rebate amount, and adjust the Rebate Funding Cap. SRP retains the right to the make final determination on customer eligibility.

4. Entire Agreement. These Program Terms constitute a complete statement of the terms and conditions applicable to the EV Charger Port Rebate Program and supersede all prior agreements and understandings concerning this subject matter, whether written or oral.
